

A.D.A.M. Interactive Anatomy

A.D.A.M. Interactive Anatomy Lite

A.D.A.M. OnDemand

Making A.D.A.M. learning solutions more affordable for students— at no cost to your institution!

A.D.A.M. is a trusted provider of comprehensive online education for the health sciences. Our vast range of products integrates multiple resources: dissectible anatomy, quality clinical illustrations and animations, 3D anatomy, an accredited medical encyclopedia, eLearning programs, and much more!

Through our *Student Materials Adoption Program (SMAP)*, students qualify for a 20% discount off the cost of certain A.D.A.M. products when instructors make subscription to one of these products a requirement of the course. The SMAP program allows instructors to place these powerful learning resources at their students' fingertips at a lower cost, while qualifying for a free instructor subscription!

How It Works

For example, when you include A.D.A.M. Interactive Anatomy (AIA) as a course requirement in your

curriculum, your students will qualify for a 20% saving off the list price.

Students have 2 licensing options: a 6-months or 12-months subscription; and when you sign up to the program, they receive a special discount code entitling them to the reduced price when purchasing directly from A.D.A.M. Ordering is easy and convenient; and we track your students' subscriptions, making the whole process smooth with minimal work for you.

In addition, when 30 or more of your students purchase AIA using the discount code, you will receive a FREE Instructor's License (value of \$399.95), enabling you to create dynamic and stimulating curricula using the complete A.D.A.M. AIA suite of resources.

Ask us how you can join the program today and provide 3 A.D.A.M. learning solutions to your students at a reduced cost!
